Introduction Letter

The Five-Year Affirmative Action Plan (2019 – 2024 Plan) affirms the continued commitment of Lakeshore Technical College (LTC) to actively implement all appropriate federal and state equal opportunity and affirmative action laws, executive orders, plans, rules and regulations. This Plan was developed in accordance with the guidelines as established by the Wisconsin Technical College System Board.

LTC is firmly committed to Equal Opportunity for all its employees and students in all programs and educational activities including, but not limited to: outreach, recruitment, selection, transfer, referrals, promotions, testing, placement, training, compensation, support services, benefits, terminations and committee appointments. Discrimination against persons because of their sex, sexual preference, race, religion, color, national origin or ancestry, age, disability, political affiliation or beliefs, arrest or conviction records or refusal to consent to sexual harassment is strictly prohibited.

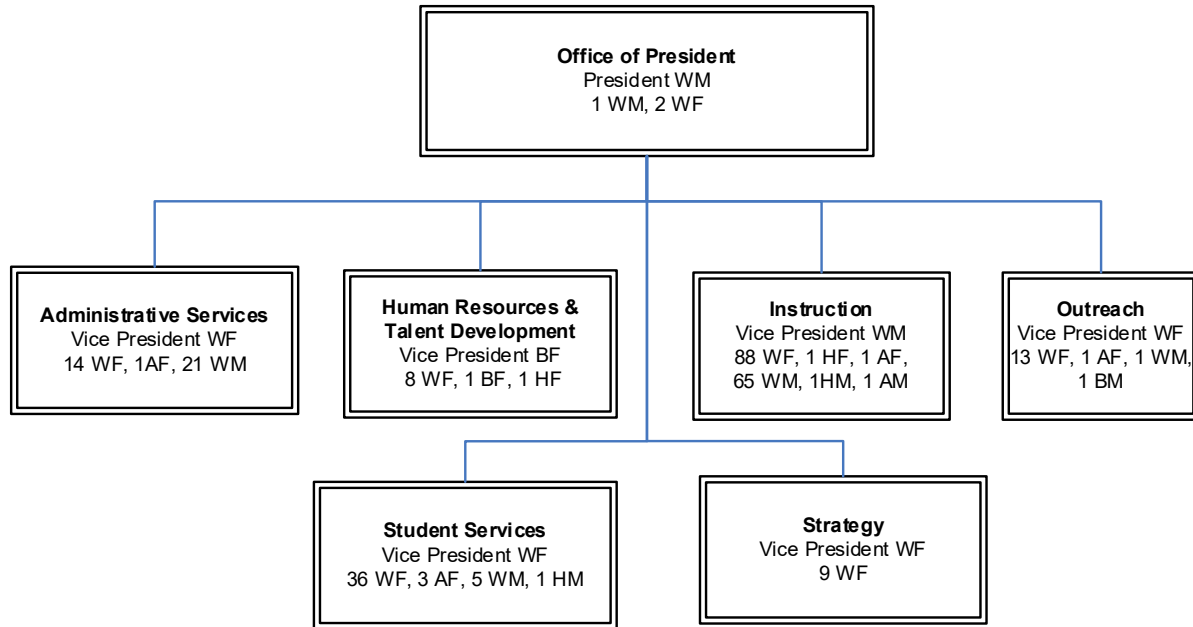

To achieve equal employment and educational opportunities, the College recognizes the need to take appropriate Affirmative Action steps, when necessary, with respect to persons of color, women, the disabled and other protected groups, by setting policies and procedures to obtain equality. LTC will continue to make all reasonable accommodations as requested and required. While the responsibility for overall development and implementation of the College's Affirmative Action program rests with the President, all staff are responsible for the application of Affirmative Action and Equal Opportunity policies. This includes initiating and supporting programs and practices designed to develop understanding, acceptance, commitment and compliance within the framework of this Plan.

LTC looks forward to the positive outcomes that will result from the provisions of this Plan which reflect the convictions and values of the College.

Signed,

President

No person will be prevented from their rights to avail themselves of the educational opportunities provided at the college. These include, but are not limited to, access to courses and programs, guidance and counseling, admissions, testing, minority services, student policies, instruction, placement, recreational facilities, athletics, financial assistance, work-study, and extracurricular activities. The College will seek to maintain an educational climate conducive to and supportive of diversity.

This commitment also serves as a guide for the college board and administration in making decisions relating to employment of personnel, development of new curriculum and revision of existing curriculum, college facilities, selection of educational materials and equipment, and regulations affecting students.

Alleged acts of discrimination, which violate federal or state laws or regulations and established college policies shall be reported directly to the Affirmative Action officer at LTC.

All complaints will be handled promptly and equitable through procedures developed pursuant to Section 106.8 of the Title IX Educational Amendments and the 1989 Wisconsin Act 186 (Section 38.23 WI Statutes).

Harassment/Assault

The college, through its commitment to equal employment/education opportunities and affirmative action, affirmatively provides that all employees and students work or study in an environment free of harassment and assault in accordance with the laws of the United States and the state of Wisconsin.

Harassment of or by employees and students on the basis of race, sex, color, national origin, age, disability, or other protected status is unlawful practice and prohibited.

The college ensures physical accessibility to programs and facilities. Reasonable accommodations will be provided for persons with disabilities to ensure equal access to employment, educational programs, services, and activities. practices including, but not limited to: recruitment, hiring, transfers, promotions, training, staff reductions, terminations, retention, certification, testing, and committee appointments.

While the development and monitoring of the affirmative action program is primarily the responsibility of the Affirmative Action Officer, the support of every employee, student and recipient of College services is required to assure an environment conducive to the success of the program.

Role of the Affirmative Action Officer

Student Enrollment & Completion

Program 1: Ensure equal access to current and prospective students with disabilities.

American Community Survey data indicates that working age individuals with disabilities make up 5.22% of the Lakeshore population while enrollment of students that self-report disabilities at LTC is 4.20%, a difference of -1.02%. This difference may indicate that the college is out of compliance with regards to enrolling students with disabilities. The College has experienced success with the development of partnerships with transition coordinators in local high schools. Therefore, the Student Futures Office will continue targeted efforts to ensure equal access to prospective students with disabilities with a focus on expanded collaboration and measuring the impact of these efforts.

Method(s) of Evaluation: The Equal Education Opportunity Officer will collect updates and information from the Outreach & Admissions Manager and the Manager of Accommodation Services regarding the status of this program. The College will evaluate the success of the program in connection with the overall demographics of students that enroll and complete occupational, technical, and associate degree programs.

Program 2: Ensure student access to associate, technical, and occupational programs in non-traditional occupations.

American Community Survey data compared with college enrollment data shows significant differences in female availability (47.17%) and enrollment in Industrial (8.45%), and Technical (13.9%) programs. Similarly, there is a significant gap between male availability (52.83%) and enrollment in healthcare programs (15.45%). These differences indicate that the college may be out of compliance with regards to enrolling female and male students in non-traditional occupation programs. Development and Execution of Action Programs

A. Management Responsibility

The College realizes that the ultimate success of affirmative action and equal education opportunity efforts will depend upon the degree of commitment of management at all levels to achieving objectives in this area. Managers at all levels should be aware their job duties include cooperating in efforts to comply with the EEO laws and the Affirmative Action Plan. Supervisory practices such as employee evaluations, counseling and discipline will be reviewed periodically to assure the practices are being administered properly and on a non-discriminatory basis. Supervisors are encouraged to seek the input of the EEO Officer or AA Officer with any questions regarding education or job-related personnel practices. The College's rules and policies will be reviewed to ensure that they do not inadvertently discriminate against qualified persons on any prohibited basis.

B. Employment Procedures Analysis

The College will continue to review its employment processes to ensure that any one, or combination of more than one policy, practice or procedure does not have a disparate impact upon protected population candidates i.e. disabled, female, minority, LGBTQ, veteran, or even given the absence of a disparate impact, might individually and negatively influence the opportunities afforded to individuals from protected populations as compared to those who are not from protected populations.

The Human Resources Department has the responsibility of performing this review including, but not limited to, the following:

1. Analysis of all requirements for all new positions to ensure their job relatedness.
2. Analysis and monitoring of recruitment and selection procedures.
3. Auditing of hires to determine compliance with the objectives of the Affirmative Action Plan.

C. Recruiting

1. The College's recruiting practices will continue to include an effort to generate a large number of special population referrals.
2. All advertisements will indicate that the College is an Equal Opportunity Educator and Employer. Special population oriented media will be evaluated and used whenever it may productively assist the College in increasing its applicant flow.
3. The College will provide in-house training for employees who serve on hiring committees and all others involved in the screening and hiring process.

D. Promotions

Promotions occur when an internal candidate applies for and is selected for an open position. Since the College's screening and hiring process complies with all affirmative action and equal opportunity laws and regulations and is subject to the College's own Affirmative Action policies and procedures, internal candidates are assured equal opportunity in this process.

E. Professional Development

The College supports employee development through internal training programs such as new employee orientation, supervisor development, faculty development, and job-related skill development. Training and development opportunities are offered and are available to all employees to whom a given training topic applies.

F. Non-Harassment Policy

The College has developed and vigorously enforces a non-harassment policy which applies to all staff, faculty, students, and vendors. Any student or employee who feels that he/she has been the victim of illegal harassment has the opportunity to seek relief within the College system. The AA or EEO Officer will conduct prompt, thorough, and impartial investigations of all harassment complaints and harassment incident reports, and corrective action will be taken where indicated. All employees participate in annual anti-harassment training and supervisors are provided additional training regarding their critical role in preventing harassment and addressing harassment issues.

G. Protection from Discrimination

Any employee or student who feels that he/she is being discriminated against on the basis of protected class membership has the opportunity to seek relief within the College system. EEOC Report Categories

- 1 = **ADMINISTRATIVE.** Include persons whose assignments require primary (and major) responsibility for management of the institution, or a customarily recognized department or subdivision thereof. Assignments require the performance of work directly related to management policies or general business operations of the institution, department or subdivision, etc. It is assumed that assignments in this category customarily and regularly require the incumbent to exercise discretion and independent judgment, and to direct the work of others. Report in this category all officers holding such titles as Director or Administrator or the equivalent. Report in this category Deans, Directors, or the equivalents, as well as Associate Deans, Assistant Deans, and executive officers of academic departments (chairpersons, heads or equivalents) if their principal activity is administrative. Also include supervisors of professional employees.
- 2 = **FACULTY.** Include all persons whose specific assignments customarily are made for the purpose of conducting instruction, research, or public service as a principal activity (or activities), and now hold academic rank titles of professor, associate professor, assistant professor, instructor, lecturer, or the equivalent of any one of these academic ranks. Report in this category Deans, Directors, or the equivalents, as well as Associate Deans, Assistant Deans, and executive officers of academic departments (chairpersons, heads, or the equivalent) if their principal activity is instructional. Do not include student teaching or research assistants.
- 3 = **PROFESSIONAL NON-FACULTY.** Include persons whose assignments would require either college graduation or experience of such kind and amount as to provide a comparable background. Included would be all staff members with assignments requiring specialized professional training who should not be reported under Executive (1) and who should not be classified under any of the four "nonprofessional" categories of activities.
- 4 = **CLERICAL / SECRETARIAL.** Include persons whose assignments typically are associated with clerical activities, or are specifically of a secretarial nature. Include personnel who are responsible for internal and external communications, recording and retrieval of data (other than computer programmers) and/or information and other paperwork required in an office, such as bookkeepers, stenographers, clerk typists, office machine operators, statistical clerks, payroll clerks, etc. Also include sales clerks such as those employed full-time in the bookstore, and library clerks who are not recognized as librarians.
- 5 = **TECHNICAL / PARAPROFESSIONAL.** Include persons whose assignments require specialized knowledge or skills which may be acquired through experience or academic work such as is offered in many two-year technical institutes, junior colleges or through equivalent on-the-job training. Include computer programmers and operators, drafters, engineering aides, junior engineers, mathematical aides, licensed practical or vocational nurses, dietitians, photographers, radio operators, scientific assistants, technical illustrators, technicians (medical, dental, electronic, physical sciences), and similar occupations not properly classifiable in other occupational-activity categories but which are institutionally defined as technical assignments. Include persons who perform some of the duties of a professional or technician in a supportive role, which usually require less formal training and/or experience normally required for professional or technical status.
- 6 = **SKILLED CRAFTS.** Include persons whose assignments typically require special manual skills and a thorough and comprehensive knowledge of the processes involved in the work, acquired through on-the-job training and experience or through apprenticeship or other formal training programs. Include mechanics and repairers, electricians, stationary engineers, skilled machinists, carpenters, compositors and typesetters.

7 = SERVICE / MAINTENANCE. Include persons whose assignments require limited degrees of previously acquired skills and knowledge, and in which workers perform duties which result in or contribute to the comfort, convenience and hygiene of personnel and the student body or which contribute to the upkeep and care of buildings, facilities or grounds of the institutional property. Include chauffeurs, laundry and dry cleaning operatives, cafeteria and restaurant workers, truck drivers, bus drivers, garage laborers, custodial personnel, gardeners and groundskeepers, refuse collectors, construction laborers, and security personnel.
